

Proposed FY20 Budget Cuts Will Eliminate Housing and Homeless Service Programs

Anchorage Coalition to End Homelessness

\$5,314,448 of housing and service supports at risk in Anchorage

4,879
Accessed services funded by at risk programs in Anchorage

The budget vetoes announced on June 28, 2019 for the state FY20 budget will adversely impact persons and families experiencing homelessness across Alaska. Many programs are expected to close if funding is discontinued resulting in vulnerable Alaskans losing housing and essential services. The proposed budget recommends cutting over \$11 million from four key programs.

- The **Homeless Assistance Program (HAP)** will be cut from \$7.8 million dollars to \$950,000. Thousands of Alaskans will lose access to homeless prevention supports (rental/utility emergency assistance), emergency shelter options, and the ability to be rapidly rehoused in multiple communities.
- The **Special Needs Housing Grant (SNHG)** will be cut from \$3.7 million dollars to \$1,700,000. SNHG operating dollars and housing vouchers provide long-term rental assistance for seventeen successful housing programs targeting the most vulnerable homeless population.
- The **Human Services Community Matching Grant (HSCMG) & Community Initiative Matching Grants (CIMGP)** funding of \$2,248,700 will be eliminated. These programs provide funding to prevent and alleviate challenges for those with serious mental or physical hardships. HSCMG is one of the only funding streams to support operations for safety net services like basic shelter and food provision.

FY20 Governor's Amended Budget Statewide Amounts		
Program	Legislative Approved FY20 Funding	Governor Approved FY20 Funding
Homeless Assistance Program	\$8,150,000	\$950,000
