I. INSTRUCTIONS

Privacy Practices

Please remember to follow the Anchorage Continuum of Care and Coordinated Entry Privacy Practices when sharing someone’s information in HMIS and entering a client into Coordinated Entry. The most up to date Privacy Practices will always be posted on the Anchorage Coalition to End Homelessness’ website: www.anchoragehomeless.org.

Check Age/Household Type.

Please remember that this packet is meant for people 24 or younger. If the client you are serving is older than 24, please complete the Adult Assessment Packet. If the household you are serving includes a minor or if a household member is pregnant, please complete the Family Assessment Packet.

All TAY Must Be Assessed Separately

When completing a Transitional Aged Youth Assessment, please remember that all household members over the age of 18 must receive their own assessment and entry into Coordinated Entry. Adult/TAY couples or families comprised only of legal adults may be housed together, however, they must be assessed separately. If there are minors in the household, please complete a family packet and follow the protocol for how to assess a family with minor dependents as a household.

Check for earlier assessments

Please remember to check if a client already has an open CE entry in HMIS. You may need to check multiple HMIS client IDs. If a client already has an active assessment under any client number, please do not complete a second assessment in HMIS. If information (including a VI-SPDAT) needs to be updated, please complete this packet and put in HMIS as an “interim review”.

II. INTRODUCTORY PARAGRAPH

Hello. I'm here today to talk to you about your housing and service needs. The purpose of this assessment is to identify what services in town will best suit your needs, help community providers identify gaps in our current social service system, and to determine the order in which people will be contacted for housing and related services. It is important that you know that this is not a guarantee for housing or services, nor is this a guarantee of assistance within a specific time period. The Coordinated Entry System does not prioritize individuals on a first-come-first-serve basis which means individuals served by Coordinated Entry will wait for various lengths of time before receiving a referral to services.

The Coordinated Entry Process will do its best to use the information collected here to provide referrals that are appropriate to your needs and program eligibility. It is important to know, however, that this is not an application for housing or services. Once you receive a referral there may be additional information that your service agency will need to collect to ensure that you meet the requirements for their program. Receiving a referral through Coordinated Entry is not a guarantee of services until your specific program confirms eligibility. If in any circumstance you are referred to a service for which you are not eligible, you will remain prioritized for services through Coordinated Entry and can receive future referrals to other programs as availability arises.

In this assessment there will be questions asked about past housing and services, your current health, substance use, legal involvement, financial stability and other areas related to housing and service need. The answers you provide in this assessment will not qualify or disqualify for Coordinated Entry, but rather help us identify which services will best suit your needs. It is always best to be honest when answering these questions. Some of these questions will be personal could make you feel uncomfortable. If there is anything that you do not want to talk about, please let me know. You always have the right to refuse to answer a question, and we can move to the next part of the assessment. Please know, however, that the more information you can provide me, the more able I am to understand your current situation and help you with what you really need.

Do you have any questions?

May we proceed?
